### FORATOM became nucleareurope

**FORATOM** officially became **nucleareurope** on 7 June 2022, during their annual conference in Helsinki. The goal of this rebranding is to bring more clarity to stakeholders in Brussels about who they represent.

"I personally believe that the future of nuclear in Europe is bright once again. This has given us a new impetus – and we are extremely proud to represent the nuclear industry" states Yves Desbazeille, nucleareurope Director-General. "Hence our decision to rebrand our organisation and make clear exactly who we represent at EU level."
