### Giuseppe Montesano

*Head of European Regulation and Scenarios, Enel*

Mr. Giuseppe Montesano graduated in mechanical engineering and specialised in energy transformation and energy systems in 1985.

After experiences in the electro-mechanic industry, he has worked for Enel since 1988, mainly developing renewable energy projects, advising on energy and economic matters, designing environmental strategies for the Group, with particular reference to carbon emissions.

Since 2002 he has been manager for Network and Tariff Regulation in the Corporate unit dedicated to Regulatory Affairs.

Since October 2004 he has been heading various Corporate Environmental Units. Since April 2010 he has been appointed Head of Environmental Policies & Climate Change and, since April 2012, Head of European Regulation and Scenarios.

He is Vice-Chairman of Eurelectric Environment & Sustainable Development Policies Committee, Chairman of BusinessEurope Environment Working Group and Vice-Chairman of BusinessEurope Industrial Affairs Committee.
