

Presentation of the Speakers

| Dr. Gerhard Holtmeier

- Chairman of the Natural & bio Gas Vehicle Association Europe
- Board member of Eurogas

Dr. Holtmeier is the Chair of NGVA Europe, the European stakeholder representing the Natural Gas Vehicle industry. Since 2010, he has also been Board member of Thüga, the German energy company.

Previously, he was a member of the Board of VNG - Verbundnetz Gas Aktiengesellschaft - and in charge of the Gas Sales and Technical Affairs department. He is a lawyer by profession.

| Senan McGrath

- Chief Technology Officer at Energy for Generations
- Representative of Eurelectric at the Commission's Sustainable Transport Forum

Senan McGrath is the Chair of Eurelectric's Electric Vehicle Task Force and is the CO of ESB eCars the division of the largest electric utility in Ireland that was established to roll out a national EV charging infrastructure.

He is an Executive Board Member of major EU Electric Vehicle Projects such as Green eMotion, Mobi Europe and PlanGridEV. He holds degrees in both Electrical Engineering and Business.
