European Elections

As we prepare for EU elections, the EEF Team will closely monitor the lists and keep you updated.

New EEF Member

Air Products becomes Associate Member of the EEF

Air Products is a world-leading industrial gases company in operation for over 80 years. Our focus is on creating innovative solutions that benefit the environment, enhance sustainability and reimagine what's possible to address the most significant challenges facing customers, communities, and the world.

Today, Air Products is the world's largest hydrogen supplier with over 80 hydrogen plants. These projects, already under execution, include green hydrogen facilities in the Middle East

and United States, and blue hydrogen projects in Canada, United States, and the Netherlands.

Air Products' main contact to the EEF is **Ms Lucie Boost**, *Head of European Affairs, Director Government Relations Europe*.

As an EEF member, you can share your news with the EEF community.
